

Who Said Coo?

~ Shoebox Puppet Theater ~

*finished shoebox puppet theater

What you will need:

1. Shoebox with lid
2. Completed *Who Said Coo?* coloring page for the scenery
3. Double-sided tape
4. Optional: black acrylic paint and 1" brush

Instructions:

1. (Optional) **Paint** the inside of the shoebox black. This will give your theater depth and drama.
2. **Tape** the top of your completed coloring page to the *inside top* of the shoebox using double-sided tape.
3. **Let the page gently curve** on to the floor of your shoebox theater. (*See the picture above)
4. **Lightly tape** the *bottom edge* of the page to the floor of the theater. If you tape lightly, you will be able to change the scenery.
5. **Set the completed theater** on top of the shoebox lid. This will give you room to operate your puppets along the front of the theater. (see below)
6. **Play! Put on a show!** (When you are done, you can store your puppets and scenery inside the shoebox until the next time.)

Here is Lulu outside her cottage.
Can Pigeon and Owl be far away?
